I've been hearing a lot more from people about the end of times. We are hearing through the media about ever increasing wars and its devastation touching most countries in the world. We are hearing and seeing the devastations from earthquakes and volcanoes and the devastating oil spill in the Gulf of Mexico. It looks like the earth is bleeding. So many people are looking at the prophecies from the Book of Revelation as their guide.

Our summer worship services will touch on the Book of Revelation. I am doing so, partly because of its interests, partly because it is misunderstood, partly because this book of hope is seen as a book of terror. Revelation is widely popular for the wrong reasons. It is viewed as a guide to how the world will end, assuming that the author was given by Christ detailed knowledge of the future that he communicated in coded symbols. For example, different preachers and teachers have in the past and present identified the Beast from the Earth whose number is 666 as Hitler, Stalin, the Pope, and Saddam Hussein, and have related events in Revelation to the Communist Revolution, the atom bomb, the creation of the State of Israel, the Gulf Wars and so on. Since the 19th century people have seen many interpreters of prophesy who used calculations from Revelation to predict the exact date of the end of the world (Up to the moment all have been wrong).

On the other hand, many believing Christians do not think that the author knew the future in any sense beyond an absolute conviction that God would triumph by saving those who remain loyal and by defeating the forces of evil. I am one of those who take this latter stance.

I suggest that if possible, read the whole book through without getting bogged down with particular details from particular passages. That ay help avoid the tendency to pick out a few symbolic references and to speculate about them. It will be helpful to remember that this was written to the seven churches and its details and historical context pertain to the first century not the 21st century.

In today's world that accepts only what it can see, hear, and feel, Revelation is a scriptural gateway to what the eye has not seen and the ear has not heard, because its visions are filled with theological symbols, not with photographic reproductions of an exact knowledge of that other world. Revelations provides colorful, descriptive, and out of this world images to attest that at every moment of human history, even the most desperate moment that causes people to lose hope, God is present. The lamb standing as though slain is the ultimate guarantee of God's victorious care and deliverance, especially for the downtrodden and oppressed. If we keep this overall attitude in mind as we read Revelation, we will keep a perspective that will help us recognize God speaking and working in our lives today.

Readings for the Coming Weeks are:

June 6— Revelation 2:1-7

June 13—Revelation 2:8-11

Dear Members of
Greenmont Church,

I first want to say that I am very excited to present to your congregation on June 13th. I also want to add that it doesn't seem to matter how many other churches I attend, or how far away I find myself, I am happy to say that I always consider Greenmont Oak Park Community church my home. I have grown up in that church, from first attending the Preschool program, to later becoming part of the Greenmont's youth group, to even later leading Greenmont's youth group.

At the moment the Lord has me leading a ministry called "Young Life" on Long Island, NY. It's a high school outreach, that rather than base itself in a church actually goes to the high schools of the area and presents the message of Christ to high school students by walking with them on their grounds.

Children today face so many pressures and live in a world of uncertainty. The statistics concerning today's teenagers are shocking and unfortunately the youth of Long Island struggle greatly with the temptations of a very worldly culture. Drug use, eating disorders, and suicide are all on the rise on Long Is-

land, while the numbers of teenagers attending church has dropped significantly. The statistics show that between 70—80% of teenagers no longer attend church regularly. This is why "Young Life " is so important to a community. Because we actually go out to where the kids are and teach them through our lives the values of Christ.

I look forward to presenting the work I have been doing in the Lord lately to the people of Greenmont-Oak Park Community church, and I hope to see all of you very soon.

In Him, Joseph Anderson

Our Household of God

Through the first 4 months of the year, we are about \$3,000 behind in our giving when compared to our budget through April. As the summer travel and vacation season begins, we need to remember our tithes as we budget our summer expenses and not forget our church.

Personally, I know I'm not in church as often in the summer months, so I always mail in my giving plan the first week of the month. This way I don't forget or get behind.

St. Francis of Assisi said, "Stewardship is everything I do after I say I believe." Everything? Then stewardship is not a fall program, but a way of life.

As we grow in our faith and love of the Lord, we should remember the 10 Points of Prayer; the call to be stewards in the Household of God, that Jesus is our sure foundation and we "Can do all things through Christ who strengthens us."

GOPCC has all of these challenges as we are the center for hope and transformation. May we grow and prosper and share all that we are and have with our neighbors. Mispah, Frank Lakins, Stewardship/Finance Committee

Greenmont-Oak Park Community Church has committed to again partner with the Children’s Hunger Alliance of Ohio to provide lunches to neighborhood children from June 14 to August 6, Monday through Friday.
